

EXTEMPORE COMPETITION

9th January, 2021

“A good speech is like a pencil; it has to have a good point.”

Extemporaneous speaking is speaking about a topic on the fly. You receive or think of a topic, generally have a short amount of time to jot down ideas and formulate a structure, and then publicly perform your speech. To imbibe a true spirit of learning in students and to enhance the communication skills, an extempore competition was held for the students of class IV.

The event was a great learning experience for the students as they learned to express their views and opinion spontaneously. This competition gave an opportunity to the students to think on the spot and to build up their self-confidence.

All the participants were given the topic 3 minutes in advance. They were told to express their views in the given time slot for 3 minutes. All the topics were according to the age and thinking ability of the children. The participants delivered the speeches very confidently. The students were judged on the criteria of **fluency, presence of mind, awareness and confidence.**

The results of the competition are as follows: -
