Earth Day

Theme : Decorate a Green Corner

Date : 22nd April, 2021

“The Earth is what we all have in common.”

This year the 51st Earth Day was celebrated at school level by launching the activity - Design a Green Corner, for grade 4th and 5th. Children were asked to design a green corner in their homes.. A 2-3 minute video was created by the participants. They had put in their best efforts to create a Green Corner right from scratch by planting saplings in planters and decorating them by using their Art and Craft skills. Details of planting the sapling were well followed by putting soil in the planter, sowing the seeds and then watering it appropriately. Children really enjoyed decorating the green corner in their homes. The activity turned out to be full of pleasure and learning for the children .Through this activity, the participants expressed their love for Mother Earth and inspired others to take good care of the environment and plant more and more trees.

“Take good care of Mother Earth and She will take good care of You back.”

The activity was conducted under the kind guidance of our Activity Coordinator Mrs. Sonia Jindal.

Result :

4th std

First- Geetanshu 4c

Second- Udayveer 4a

Third- Mansimrat 4a

5th std

First-Ekamjot Singh Sidhu 5a

Second -Delisha Bansal 5b

Third- Mannat Kaur 5c
