SOLO DANCE COMPETITION

Date-1st May 2021

“Dance is meditation in movement, a walking into silence where every movement becomes prayer”.

(Bernhard Wosien)

Dance is a medium of expression for people with different tastes, emotions, needs, and backgrounds. As a result, dancing has not only become a universal art form, but a universal language. No matter the style, dance encourages children to be more creative and to express themselves in many ways. By encouraging creativity and imagination, children learn to build trust, effective relationships, and how to think critically. Early childhood is the best period for the development of creativity and problem solving which will serve the child for life. With this intention in mind, a Solo Dance Competition was organized for the students of 5th standard. The competition began with great zest and excitement. The participants dressed in colourful costumes, twirled around and set the stage on fire with their thrilling performance. The choreography, rhythm, synchronization and presentation of all the students were good. The competition was conducted by Miss Rose under the kind supervision of Mrs. Sonia Jindal (Activity Coordinator)
