STORY TELLING COMPETITION

THEME: A Tale with a Twist

Date-18th April 2022

“There is no greater agony than bearing an untold story inside you.”

Story telling is one of the most effective ways to communicate with students. A story stays with the children much longer than facts or statistics as it is not a seemingly endless download of information but a never-ending journey of learning and understanding of the world around us.

As a learning tool, storytelling can encourage students to explore their unique expressiveness and can heighten a student’s ability to communicate thoughts and feelings in an articulate, lucid manner. It helps improve their language skills, instills a love of reading and stirs their imagination. With this in mind , Story Telling Competition was organised for the students of class 6.

Some unique stories were created by our students. Tales were presented with a twist. The twist was that they had to choose a fairy tale character of their own and weave a story of their own keeping in mind the character. The story had to be different than the story that they have already heard.

The participants had been able to accomplish the task and presented some lovely stories born out of their own imagination.

The competition was conducted by Mrs Mamta Yadav under the kind supervision of Mrs. Sonia Jindal (Activity Coordinator)

The following are the winners of the competition:
