

St. Xavier's School, Bathinda

**EVENT REPORT**

Competition can inspire students to greater achievement. For students striving to excel in the field of mathematics, math competitions offer an avenue for highlighting their skills and talent.

At Xavier's, we all are passionate about numbers and conversant with the impact mathematics has in science and daily life. Towards the aim of excelling in mathematics, we school organized a MATHS MARATHON on April 20, 2022 for the students of class V.

There were total four teams- Team A (Ruby house), Team B (Emerald house), Team C (Sapphire house) and Team D (Topaz house) and each comprised of three participants. The students participated with great zeal and enthusiasm. The questions for each team were displayed on the screen and at the end some questions were asked from the audience as well.

The competition was conducted in 3 rounds-

First round : Dodging (On the basis of which students were selected)

Second round : Mental math (3 questions were asked from each team)

Third round : Mathematics riddles (2 questions were asked from each team)

This event was conducted by Miss Vibhu Garg and Mrs. Anita Jain. It was an impressive show and the students participated with full enthusiasm.

The result of the competition is as follows :
