

‘Visit to Leprosy Colony’

Organized by: St. Xavier’s School (Junior Wing), Bathinda

Date: 15.12.2022

‘There is no joy in possession without sharing’

Christmas is the season of joy and gift giving. Following the Christmas swing, the school organised sharing and caring campaign wherein students from the school collected eatables, clothes, stationary and other goodies to be shared with the underprivileged at different places. Not only they collected the stuff but also prepared performances like carol singing and dance to be presented. To share the joy, they visited Leprosy Colony in the city, a community for the treatment of lepers, people suffering from leprosy wherein they exhibited their talent and gifted the presents. Apart from the gifts and performance what our children gave at the colony is the beautiful smiles and sparks in the eyes of everyone there which was worth witnessing.
