

St. Xavier's School, Bathinda Organises Health Awareness Camp for Children

Keeping in view the importance of a sound mental and physical health of children, St. Xavier's School, Bathinda welcomed Dr. Anjalis, Pediatrics who had come to deliver a session named Sankalp: Sampurna Swasthya under the health awareness workshop by Indian Academy of Pediatrics on May 19, 2023 in the junior wing of the school.

During the session Dr. Anjali shared her expertise on various problems faced by children these days and discussed the solutions for the same. She also encouraged the children to inculcate healthy eating habits along with getting engaged in some form of physical activity. It was an interesting and interactive session wherein students and teachers also put forward their queries to have answers from the experts.

The guest was honoured with the token of gratitude.
