

Children's Day Celebration

'Every child is a unique bloom and when they come together they create a captivating garden.'

Children's Day was commemorated with a special program. Teachers took over the stage and showcased a mesmerizing cultural extravaganza for Xavierites. The students were treated with a medley of melodious songs. The ambience pulsated with excitement as a skit and a spell binding dance performance was exhibited by the educators. Our teachers enthralled the audience with the rhythmic couplets of Qawali. The celebratory mood continued with foot-tapping and invigorating Bhangra that set the stage ablaze. This was followed by the DJ Party wherein the children swayed to the beats and had a gala time. The day concluded on a note of fun and frolic, as our learners received delightful goodies thus making them feel cherished.
